

# EXECUTIVE SUMMARY

## **Contract WW 457C: Consultancy Services for Feasibility Study, Detailed Design and Preparation of Bidding Documents for Sewerage Project at Rodrigues**

### **1.0 Scope of Procurement:**

The Scope of Works of the Consultant under Contract WW457C will be to carry out the following assignments, among others:

- 
- To delimitate the site, in concert with the Client; the primary site being the Port-Mathurin Centre and including the adjoining villages in order to develop the project area for the Works Contract;
- To effect the detailed topographical survey of the project site;
- To prepare the Feasibility Report, which will have to enumerate all the possible alternative solutions, and to provide comments/recommendations thereon, based on economic, technical and social reasonings. The cost estimates for the various options shall also be worked out to assist the Client and Government in decision making;
- To carry out the detailed design of the best acceptable options for the project and any recommended Phases for the Works;
- To prepare the e-Bidding Documents (for different phases, if required) for the Works with recommendations on the best implementation schedules and contract splitting (if applicable) under each phase.
- To assist the Client during the Bidding Stage of the Work including challenge relevant to the procurement exercise, if any.

**2.0 Funding Agency:** Government of Mauritius

**3.0 Method of Procurement:** Invitation for Proposal (IFP)

**4.0 Date of Invitation of Bids:** 09 March 2022

**5.0 Closing Date of Submission of Bids:** The initial closing date for the submission of bids was set for the 11 April 2022 and was thereafter postponed (through addendum No.1) to the 25 April 2022 and opening on from 13:30 hrs to 14:30 hrs and through Addendum No.3, the time for closure was extended as a result of some technical issue on the e-procurement system.
